BARRIE POLICE SERVICES BOARD REPORT
NOVEMBER 2020
OPEN

TO: Barrie Police Services Board

FROM: Chief Kimberley Greenwood

DATE: November 17, 2020

SUBJECT: Financial Variance Report for the period ended October 31, 2020 - Open

Background

The report provides the Board with a statement of revenue and expenditures for the ten-month period ended October 31, 2020 as compared to the approved 2020 budget.

Attachments

Operating Variance Report for ten months ended October 31, 2020.

Report

Attached is the Operating Variance Report for the ten months ended October 31, 2020 which represents 83.3% of the budget year.

Total year-to-date salaries and benefits are \$42,503,691 or 78.9% of the annual budget, operating expenditures total \$4,627,875 or 82.3% of the annual budget and revenues are \$4,523,789 or 81.7% of budgeted revenue. Total net expenditures for the period were \$42,651,963 or 79.0% of the approved net operating budget.

The projected net results for the ten-month period ended October 31, 2020 is a surplus of \$402,255 or 0.7% of the annual budget.

The following comments address significant expense and revenue variances for 2020.

Salaries & Benefits

Year to date police and civilian salary costs represent 78.5% of the annual budget. Included in the amounts are negotiated contractual increases and reclassifications as well as retirement payouts for members who retired in 2020.

Year to date overtime is 92.5% of the annual budget. Overtime costs are closely monitored, and non-essential overtime is not permitted.

Police and civilian benefits costs are 80.4% of the year to date budget. Included in the projected amounts are savings which have resulted from decreased benefits usage while health care providers offices remained closed during the pandemic and robust claims review processes instituted by the health and dental benefits carrier.

Building

Building expenditures to date represent 41.1% of the annual budget. Charges pertaining to the police facilities are currently under review by City of Barrie staff and the full budgetary impact of the new facility has not yet been determined.

Fuel

It is anticipated that there will be budgetary surplus of \$165,000 for fleet fuel. This is directly related to decreased market prices.

Maintenance

Included in maintenance costs is \$677,300 for software maintenance and licencing fees.

As a result of the pandemic, the courthouse was closed for a period of time and continues to operate under a significantly reduced protocol. Revisions to headquarters were required to facilitate daily bail hearings for persons in custody and the creation of remote testimony rooms to be used by our members to provide court evidence. This necessitated the purchase of unbudgeted equipment and software.

In addition, software was purchased to enable our members to work remotely.

Overall, it is anticipated that maintenance costs will be \$238,800 over budget in 2020.

Staff Development

Access to staff development opportunities has been significantly reduced because of the pandemic and many have been deferred for the foreseeable future. As a result, a budgetary surplus in the amount of \$106,800 is anticipated.

Grant Expenditures

Provincial grant funding is awarded to assist with specific and targeted initiatives. Included in grant expenditures are the actual and anticipated costs directly related to the various grant programmes. Please note that offsetting grant funding is included under "grants and secondments" revenue.

COVID-19 Expenditures

Actual costs incurred and projected unbudgeted expenditures relating to the COVID-19 pandemic are anticipated to total \$197,754. In addition to these costs, there has been other budgetary impacts including a reduction in general revenue, decreased secondment salary recoveries, and the purchase of capital items to allow members to work from home. The total of these expenditures has amounted to \$317,651.

Revenue

Funding for the Court Security Prisoner Transportation Grant (CSPT) was confirmed in March 2020 in the amount of \$2,755,625. Actual funding will exceed the budgeted amount by \$27,755 in 2020. The reporting period for the CSPT grant is from January 1 to December 31 of each year.

The Community Safety in Policing (CSP) grant will be consistent with 2019/2020 reporting period and funding was approved in the amount of \$609,075. The reporting period for the CSP grant runs from April 1 to March 31.

Subsequent to finalizing the 2020 budget, funding approved under the following programs:

Proceeds of Crime – Project Speak Up	\$ 79,621
Police Operations Support Grant	\$ 98,550
Safer Communities through Collaborative Justice	\$ 96,672
Firehouse Subs Public Safety Foundation of Canada	\$ 20,757
Proceeds of Crime – Tell Us	\$100,000
Ministry of the Solicitor General – Ontario CCTV Grant Program	\$119,000

Also included in grant revenue are billings for ten seconded positions.

All required annual reports for the grant programs were submitted prior to the reporting deadlines.

Year to date general revenue is 54.8% of the annual budget. Certain revenue streams including criminal records checks and paid duty administration fees have been significantly reduced. Also, the decision was made to discontinue charges for false alarm calls until the province instituted Stage 3 of the reopening plan. Projected general revenue is anticipated to be \$268,000 under budget. The deficit is directly related to the ongoing pandemic and corresponding changes in business practices.

Financial Implication

The savings in employee benefits, fuel and staff development have been offset by reduced revenue and increased maintenance costs. The projected surplus is estimated to be \$402,255.

Financial management staff will continue to monitor the Service's financial position and report accordingly

BARRIE POLICE SERVICES BOARD REPORT
NOVEMBER 2020
OPEN

TO: Barrie Police Services Board

FROM: Chief Kimberley Greenwood

DATE: November 13, 2020

SUBJECT: 2019 Annual Statistics Canada Reporting

Background:

Each year, Statistics Canada releases police-reported crime data using a Crime Severity Index (CSI). The CSI is a measure of police-reported crime that reflects the relative seriousness of individual offences and tracks changes in crime severity.

The seriousness of each offence is determined by using objective sentencing data from the nation's courts. Each individual offence is "weighted". CSI can be presented as an overall ranking, or as separate violent and non-violent rankings, based on volume and severity. The top five violations that contribute the overall CSI are breaking and entering, robbery, fraud, mischief, and theft of \$5000 or under. The top five violations that contribute to the violent CSI are robbery, sexual assault level 1, assault level 1, assault level 2, and uttering threats to a person. Contributors to the non-violent CSI are violations including breaking and entering, possession of stolen property, theft of motor vehicle, and other property crimes.

These releases are provided in various table formats, which can be looked at by municipality, police service, or Census Metropolitan Area (CMA).

Police Service: Barrie Police Service's CSI can be compared to other police services throughout Canada. The CSI ranks 324 police services serving communities with a core population of over 10,000. The best positioning is 324/324, which demonstrates the lowest CSI. In 2019, Barrie Police Service is ranked 166/324.

Barrie's CSI Compared to Other Similar Municipalities			
Police Service	Overall CSI Ranking /324	Violent CSI Ranking /324	Non-violent CSI Ranking /324
Peterborough	167	124	171
Barrie	166	121	173
Guelph	159	216	143
Kingston	126	145	115
Sarnia	110	153	101
Greater Sudbury	106	85	120
London	105	142	97
Belleville	91	58	112
Cobourg	90	91	87

Census Metropolitan Area (CMA): Crime Severity indexes are also applied at the Census Metropolitan Area level. CMA's are defined by Statistics Canada and consist of one or more neighbouring municipalities situated around a major urban core. A CMA must have a total population of at least 100,000 of which 50,000 or more live in the urban core. To be included in the CMA, other adjacent municipalities must have a high degree of integration with the central urban area, as measured by commuting flows. Of note, the Barrie CMA includes areas outside of the Barrie Police Service jurisdiction including the Townships of Springwater and Innisfil (Appendix A).

After a CMA is assigned a Crime Severity Index for the year, it is then ranked amongst the other CMA's. Currently there are 35 CMA's in Canada. Prior to 2018 there were 33.

For 2019, Barrie's CMA rank is 31/35 for overall CSI, 31/35 for Violent CSI and 29/35 for Non-Violent CSI. This means that Barrie is the fifth best CMA for overall Crime Severity Index in Canada.

Year Over Year Comparison of Barrie CMA Rankings			
Year	Overall CSI	Violent CSI	Non-violent CSI
2019	31/35	31/35	29/35
2018	32/35	33/35	28/35
2017	33/33	32/33	32/33
2016	32/33	30/33	31/33
2015	32/33	31/33	31/33
