

# BARRIE POLICE SERVICE

2020 Year in Review

February 18, 2021

# 2020 Year in Review

- The Service acted early and kept standards high when it came to protective measures for our Members and the community members we interacted with.
- There was a major shift to offering service online, or in alternate formats.
- COVID restrictions and challenges didn't keep the Service from making significant progress in a number of areas.

# Disclaimer

While most of these pictures were taken in 2020, the recommendations around physical distancing and wearing of PPE changed throughout the year.

What is pictured may not reflect the current guidelines on distancing and wearing of PPE.
