CONSENT AGENDA

7. Staff Acknowledgements
8. Public Complaints

Mayor Lehman questioned if the rise in landlord tenant situations was attributed to COVID-19 and is it falling on police officers to determine landlord tenant laws. Chief Greenwood advised each situation is reviewed on a case-by-case basis as police services have received specific direction from the Province of Ontario. Members of the Service are continually educated on legislation changes and adequacy standards.

MOTION #2021-020

On motion of Arif Khan seconded by Mayor Lehman the consent agenda items were received.

CARRIED

UPDATES

9. Body Worn Camera Project

Staff Sergeant Goodbrand connected to the meeting and advised the Barrie Police Service has concluded a 4-month Body Worn Camera Pilot Project. The Service has covered off all aspects of the program with the pilot which included a draft procedure. The pilot project was spread across officers in the front line from the Traffic Unit, K9 and Community Response Unit (CRU). Currently, Staff Sergeant Goodbrand is working on a review. A post pilot survey has been sent off the 25 officers who participated.

10. Chief's Update

A PowerPoint presentation was displayed, and Chief Greenwood provided the following updates.

- COVID 19 update
- CAD Calls for Service January 2021
- Criminal and Federal Charges January 2021
- Various Major calls
- Ontario Provincial Police Investigation of the February 4, 2021 Arrest.
- Framework for Children and Youth Violence Investigations.

Mayor questioned if the Ontario Provincial Police have provided a timeline for the Investigation of the February 4, 2021 arrest of the skateboarder downtown.

Chief Greenwood updated that the Ontario Provincial Police have assigned investigators and they are aware of the guidelines and expectations that the investigation must be complete within 6-months. The Service is hopeful the investigation will be timely and transparent.

BARRIE POLICE SERVICES BOARD REPORT
MARCH 2021
OPEN

TO: Barrie Police Services Board

FROM: Chief Kimberley Greenwood

DATE: March 4, 2021

SUBJECT: Freedom of Information (FOI) Annual Report

Background:

The *Municipal Freedom of Information and Protection of Privacy Act (MFIPPA)* was enacted on January 1, 1991. It applies to local government institutions including municipalities, police services boards, school boards, conservation authorities, boards of health and transit commissions. The *Act's* mandate is twofold: to ensure that institutions protect the privacy of an individual's personal information existing in its records while also providing individuals the right to access information held by institutions. The *Act* includes rules regarding the collection, retention, use, disclosure, and disposal of personal information in the institution's custody or control.

Police Services are required to provide an annual report to the Information and Privacy Commissioner. The below chart includes a summary of the statistics that were provided in the Barrie Police Service's 2020 Report as well as a three-year comparison of the totals.

Barrie Police Service FOI Statistics - 2018 to 2020			
Request Type	2018	2019	2020
Freedom of Information	452	426	255
Personal Information	414	391	233
General Information	38	35	22
Appeals Received	1	1	0
Privacy Complaints Received	0	0	0
Child Welfare	123	157	80
Criminal Injuries Compensation Board	40	52	17
Court Motions	26	25	18
Totals	1094	1087	625

This is the first year that there has been a significant reduction in the number of requests received. This decrease is a causation of the global COVID-19 pandemic.

BARRIE POLICE SERVICES BOARD REPORT
MARCH 2021
OPEN

TO: Barrie Police Services Board

FROM: Chief Kimberley Greenwood

DATE: March 18, 2021

SUBJECT: Collection of Identifying Information in Certain Circumstances (CIICC) - Open

Background

On January 1, 2017 *Ontario Regulation (O/Reg 58/16)* "Collection of Identifying Information in Certain Circumstances" (CIICC) became law. This regulation sets out the requirements for Police Services in Ontario for collecting identifiable information from citizens being stopped by Police for non-investigative purposes.

Section 1(1) of the *Regulation* outlines the application and reads as follows:

1. (1) This *Regulation* applies with respect to an attempt by a police officer to collect identifying information about an individual from the individual, if that attempt is done for the purpose of

- (a) inquiring into offences that have been or might be committed;
- (b) inquiring into suspicious activities to detect offences; or
- (c) gathering information for intelligence purposes.

The *Regulation* also contains several exemptions, prohibitions and duties surrounding the collection of identifying information. The *Regulation* does not apply to:

- an attempted collection made by a police officer for the purpose of investigating an offence the officer reasonably suspects has been or will be committed
- an attempt by a police officer to collect identifying information from an individual if,
 - (a) the individual is legally required to provide the information to a police officer;
 - (b) the individual is under arrest or is being detained;
 - (c) the officer is engaged in a covert operation;
 - (d) the officer is executing a warrant, acting pursuant to a court order or performing related duties; or

(e) the individual from whom the officer attempts to collect information is employed in the administration of justice or is carrying out duties or providing services that are otherwise relevant to the carrying out of the officer's duties.

This legislation was introduced in Ontario by the provincial government as a mechanism for Police Services to gather information in a manner which supports and adheres to the principles of equity and fairness contained in the *Canadian Charter of Rights and Freedoms* and the *Ontario Human Rights Code*.

Barrie Police Service (BPS) Board Policy #14-2017 and BPS Procedure #34 were developed to ensure compliance with the provisions of *O. Reg 58/16*. The interactions that are governed by the *Regulation* are defined in the BPS procedure #34 as a "Regulated Interaction".

An electronic CIICC Submission Form has been created for officers to complete following a Regulated Interaction and to be submitted in to our Records Management System (NICHE). The CIICC Submission Form, once completed, is then required to be verified. During the verification process the Regulated Interaction will be deemed to be either a Compliant or Non-compliant Regulated Interaction based on its compliance with the *Regulation*.

O/Reg 58/16 provides direction to the Chief of Police to provide an Annual Report to the Police Services Board (Board) under section 31 of *Ontario Regulation 3/99* (Adequacy and Effectiveness of Police Services) and what information must be included in the report.

Current Status

For the reporting period January 1st through December 31st, 2020, there were zero (0) CIICC reports submitted. For analysis purposes it is important to note that only one individual can be identified on each submission form. As a result, in situations where there is a Regulated Interaction involving more than one person associated with the same incident, each person involved in the same interaction shall have a CIICC Form completed.

Attempted Collections vs Collections – CIICC

This table represents a comparison of the number of Regulated Interactions where an attempt to collect identifying information was made and how many resulted in an actual collection of information. In 2020, there were zero (0) attempted collections made.

Exemptions used in a Regulated Interaction

The *Regulation* affords officers in specific circumstances the ability to not provide the involved individual with all of the information and duties as required.

Examples of these exemptions are in situations where a police officer has a reason to believe that informing the individual:

- might compromise the safety of an individual;
- would likely compromise an ongoing police investigation;
- might allow a confidential informant to be identified; or
- might disclose the identity of a person contrary to the law, including disclose the identity of a young person contrary to the Youth Criminal Justice Act (Canada).

The Annual Report must include the number of times these exemptions were used during a Regulated Interaction.

This table represents how many times the above exemptions were used to not provide one of the following duties to an individual:

Individual Informed of reason for Street Check “No”	
Reason for Exemption: Might compromise safety of an individual	0
Reason for Exemption: Would likely compromise an ongoing investigation	0
Reason for Exemption: Might allow a confidential informant to be identified	0
Reason for Exemption: Might disclose identity of a person contrary to the law, including the identity of a young person contrary to the YCJA	0

The *Regulation* also provides officers in specific circumstances the ability to not offer to provide a **CIICC Receipt** as required to the involved individual.

Examples of these exemptions are in situations where a police officer has a reason to believe that continuing to interact with the individual:

- declined receipt
- might compromise the safety of an individual; or
- might delay the officer from responding to another matter that should be responded to immediately.

The Annual Report must include the number of times these exemptions were used during a Regulated Interaction.

This table represents how many times the above exemptions were used to not offer a CIICC Receipt to an individual:

Receipt Provided “No”	
Receipt Exemption Reason: Declined	0
Receipt Exemption Reason : Might compromise safety of an individual	0
Receipt Exemption Reason: Might delay the officer from responding to another matter that should be responded to immediately	0

In 2020 there were a total zero (0) Regulated Interactions.

Regulated Interactions – Gender

When submitting a CIICC submission form the involved officer must indicate the **perceived gender** of the individual at the time of the attempted collection.

The following table represents a breakdown of those individuals by gender:

Regulated Interaction	Male	Female	Other
Total	0	0	0

Regulated Interactions – Age Groups

When submitting a CIICC submission form the involved officer must indicate the **perceived age** of the individual at the time of the attempted collection.

The following table represents a breakdown of the individuals by age groups:

There are not any statistics to provide for 2020.

Regulated Interaction – Submissions determined to be Non-Compliant Collections

The *Regulation* requires that every CIICC submission is reviewed by a Regulated Interaction Verifier within **30 days** of it being submitted. This process of verification is done to ensure that every aspect of the legislation has been properly applied. During this review, if the Regulated Interaction is found to be Non-Compliant with the legislation the information is secured from access as restricted information. There were zero (0) interactions to be verified.

Regulated Interactions – Annual Audit Review

The Regulation requires that at least once a year a detailed review of an appropriately sized sample of entries of identifying information included in the database to ensure compliancy to the legislation.

This complete review was conducted by our Internal Auditor with respect to submissions and compliancy and has been confirmed.

Regulated Interactions – Access to Restricted CIICC Submissions

The *Regulation* does permit in specific situations for the Chief of Police to grant permission to access restricted information. The legislation outlines the conditions that must be met in order to provide this review and are as follows:

- for the purpose of an ongoing police investigation;
- in connection with legal proceedings or anticipated legal proceedings;
- for the purpose of dealing with a complaint under Part V of the Act or for the purpose of an investigation or inquiry under clause 25 (1) (a) of the Act;
- in order to prepare the annual report described in subsection 14 (1) or the report required under section 15;
- for the purpose of complying with a legal requirement; or
- for the purpose of evaluating a police officer's performance.

There were no requests submitted in 2020 to access restricted information.

Summary

The BPS will continue to review all CIICC Form submissions to ensure compliance with the duties of the *Regulation* and address any issues that are of concern. The review process and methods employed when dealing with CIICC submissions is in accordance with *O/Reg 58/18* of the *Police Services Act*, BPS Board Policy and BPS procedure.

**BARRIE POLICE SERVICES BOARD REPORT
MARCH 2021
OPEN**

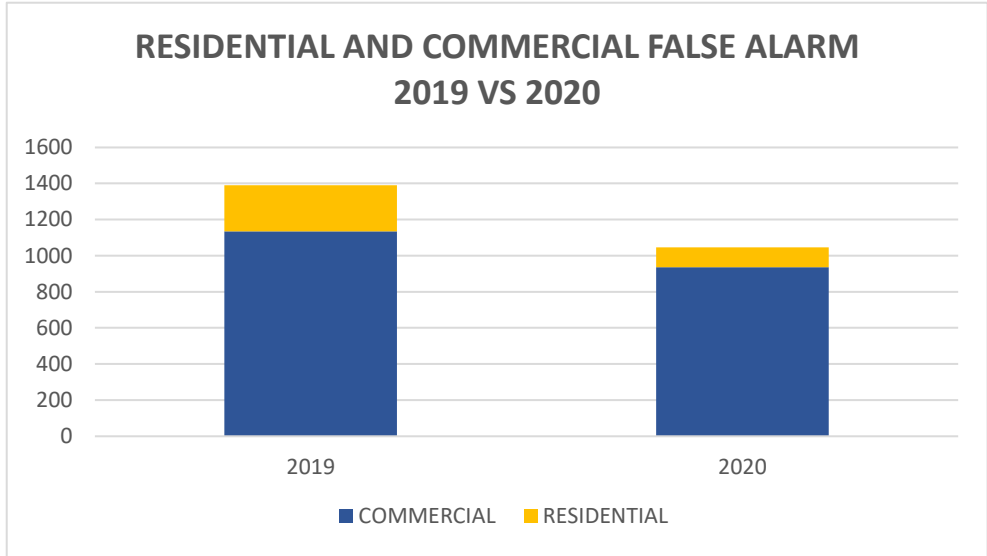

TO: Barrie Police Services Board
FROM : Chief Kimberley Greenwood
DATE: March 18, 2021

SUBJECT: 2020 Annual False Alarm Report - OPEN

Background

As per Barrie Police Services Board Policy #09-2017, fees are charged to central monitoring stations for false alarms and cancelled alarms by the Barrie Police Service. Fees are not charged for attendance at the first false alarm in a calendar year for residences, an alarm service warning notice is issued. All subsequent alarms are charged the following fees: \$180.00 for false alarm and \$120.00 for cancelled alarm. All commercial premises central monitoring stations are invoiced upon first occurrences and consecutively thereafter.

Financial Impact

Year	Total	Valid Alarms	% of total	False Alarms	% of total	Cancelled/ other	% of Total	Revenue
2020	1046	25	2%	930	89%	91	9%	\$69,120
2019	1389	81	5.80%	887	63.70%	421	30.30%	\$137,640
2018	1379	49	3.50%	1134	82.30%	196	14.20%	\$140,087
2017	1345	41	3.10%	1171	87.10%	133	9.90%	\$137,576
2016	1439	35	2.40%	751	52.20%	653	45.40%	\$26,346

Summary

The year over year revenue declined due to the COVID-19 Pandemic. For the period beginning 15th of March 2020, the Chief of Police made the decision to suspend issuing notices for residential and commercial false alarms. With the Province announcing the Stage 2 reopening, the Barrie Police Service started reinstating the false alarm charges beginning Monday June 22nd, 2020. This resulted in invoices not being issued for 231 Alarms attended, for a total of \$33,600.00. A total of 43 False Alarm Warning Notices were sent out to homeowners in 2020.

Although not statistically based, the overall decrease in total alarms for 2020 may be linked to COVID-19 as more residents remained at home and fewer businesses were open.

Recommendation

The Board receives this report for information purposes.

INTRODUCTION

At the start of the year 2020, Joseph Martino accepted a two-year appointment as the SIU's director, having served in the interim director capacity for most of 2019. In accepting his appointment, Mr. Martino said that transparency remains a pressing objective and the SIU must continue to push the envelope with the amount of information released to the public while respecting the legal limitations in place meant to protect the integrity of SIU investigations.

Traditionally, the SIU's annual reports are calendar based in a calendar year. However, with the coming into force of the *Special Investigations Unit Act, 2019* in December 2020, the SIU must now report based on the fiscal year – the beginning of April to the end of March. As our last annual report covered the period until the end of December 2019, and the next annual report period begins in April 2021, this quarterly report capturing January to March 2020 has been prepared to bridge the gap.

COVID-19 PANDEMIC

In January 2020, The World Health Organization (WHO) declared coronavirus a global health emergency.

With increasing transmission in the province of Ontario, a state of emergency was declared by Premier Doug Ford on March 17, 2020, including the gradual implementation of restrictions on gatherings and commerce.

On March 24, 2020, the Secretary of the Cabinet Steven Davidson, made the following announcement to all Ontario Public Service (OPS) staff, which includes the SIU staff:

. . . Yesterday the government announced that it will order the mandatory closure of all non-essential workplaces effective as of Tuesday, March 24 at 11:59 p.m. This closure will be in effect for 14 days with the possibility of extending as the situation evolves. . .

Recognizing that significant efforts have already been underway to enable remote work, we will only be asking OPS employees to come to work in person if a ministry requires them to deliver critical services, effective Wednesday, March 25, 2020, and until further notice.

All services (critical or otherwise) that can be delivered remotely should continue.

Employees who do not support critical services and who cannot work remotely will be asked to remain at home. The OPS has a significant role in addressing this current pandemic, and thus I strongly believe that this precautionary measure is required.

This decision was not made lightly, and I have consulted with the deputy ministers to ensure all ministries are prepared to implement this updated direction. I have asked all deputy ministers to communicate within their organizations regarding their critical services.

While doing everything we can to ensure the delivery of critical public services is important, your health and safety is equally important. . .

Subsequent Announcement

The OPS will continue to pause on its workplace reintegration plans until at least late January 2021 and reassess the impact of the pandemic at that time.

COMMUNICATION WITH MEDIA

Communication with the media is critical in ensuring that the SIU remains responsive, transparent and accountable to the public it serves. Because the SIU takes on cases at all hours of the day and night across the province, SIU Communications has made it a priority to respond to media 24 hours a day, seven days a week.

In the three-month period from January 1, 2020 to March 31, 2020, SIU Communications responded to approximately 112 inquiries from media via phone, email, text, Twitter and in-person. The nature of the questions varied, with media looking for the following types of information:

- Updates on SIU cases;
- Statistics; and
- Backgrounder information to get a better understanding of SIU policies and procedures.

While the vast majority of calls are from media across Ontario, SIU Communications also fields and responds to inquiries from across the country, as well as from international media.

Status of SIU Cases

Though the time of this report, the SIU was mandated with investigating incidents involving police that resulted in serious injury, death, or an allegation of sexual assault. Due to the complexity and/or circumstances of any case, these investigations can require a significant amount of time to complete. The length of an investigation may be impacted by how long it takes to conduct interviews and gather and analyze physical evidence. For example, significant delay can result when the SIU must await the completion of expert reports from outside organizations with respect to the forensic analysis of evidence or the completion of a post-mortem examination report. While the SIU recognizes it is important to resolve cases in a timely manner, the thoroughness of the investigation must take precedence over the length of time it takes to finish an investigation.

In an effort to keep the public up-to-date on the progress of SIU investigations, the Unit continues to proactively provide updates on each investigation via the Unit's Status of SIU Cases chart at https://www.siu.on.ca/en/case_status.php, a practice that began July 1, 2018.

News Releases

From January 1, 2020 to March 31, 2020, the SIU issued 57 news releases.

18 News releases were issued in the early stages of an investigation

The SIU has committed to issuing news releases at the beginning of investigations in cases where a death has occurred, a firearm has caused serious injury, there has been a major vehicle collision, a significant public interest has been generated.

23 News releases were issued in cases where the evidence did not satisfy the director that there were reasonable grounds to lay charges

At the conclusion of a SIU investigation, if the evidence does not satisfy the director that there are reasonable grounds to lay criminal charges, a Director's Report is produced and posted to the SIU's website. Each time a report is published, the SIU notifies the public of the report by issuing a news release.

13 News releases were issued for cases terminated by memo

In order to promote transparency, investigations that are terminated because the mandate of the SIU is not engaged, including instances in which it is determined that no serious injury was sustained, the SIU issues a news release. This practice was initiated in the summer of 2017.

3 News releases were issued in cases where charges were laid

Information Release in Cases Involving Allegations of Sexual Assault

In cases involving allegations of sexual assault, the SIU, as a general matter, did not release details to the public which could potentially identify the individual alleging a sexual assault occurred or the officer who was the subject of the allegation. This was so because the release of information related to investigations of sexual assault allegations is associated with a risk of further deterring what is already an under-reported crime and undermining the heightened privacy interests of the involved parties, most emphatically, the complainants. As with other types of cases, once a sexual assault investigation is underway, it is denoted on the Status of SIU Cases chart.

OUTREACH INITIATIVES

The SIU's outreach initiatives aim to increase public knowledge of the SIU's mandate, while creating meaningful dialogue with community stakeholders. Developing, strengthening and fostering relationships through outreach efforts enhances transparency, encourages mutual awareness and, ultimately, increases the public's confidence in the SIU's work throughout Ontario.

For the period January to March 2020, the Outreach Coordinator position remained vacant. The following chart sets out the number of presentations made by SIU staff to different types of audiences.

Outreach Presentations January – March 2020	
Academia (college, university, high school)	9
Community Groups	3
Hospital Staff	1
Total	13

AFFECTED PERSONS PROGRAM

The Affected Persons Program (APP) provides support services to those negatively impacted by incidents investigated by the Unit. The Program responds to the psychosocial and practical needs of complainants, their loved ones and witnesses by offering immediate crisis support, information, guidance, emotional support, systems navigation, advocacy and referrals to community agencies. Program staff are available to respond to the needs of affected persons 24 hours a day, 7 days a week.

The Affected Persons Court Support Program continues to provide direct support services to SIU complainants and witnesses throughout the court process, which is often difficult and confusing. Court support services are available to SIU complainants and witnesses when an investigation results in criminal charges.

APP Statistics

From January 1 – March 31, 2020, the Program was involved in 47 cases, including cases that required court support services.

*Some cases are referred to the Program outside of the year they occurred and/or support is provided beyond the year the investigation was launched.

*Many cases involve providing support services to more than one affected person.

TRAINING

The SIU training that occurred between January and March 2020 consisted of the following:

- January 23/24 – Mental Health First Aid, Affected Person Coordinator; and
- March 9 - Ontario Police College Forensic Recertification Exam (Six Forensic Investigators). This is administered every three years.

FIRST NATIONS, INUIT AND MÉTIS LIAISON PROGRAM

The objective of the First Nations, Inuit and Métis Liaison Program (FNIMLP) is to develop cultural competence in the Unit's approach to incidents involving First Nations persons or communities.

While the SIU does not have jurisdiction over First Nations police, the Unit has in place a protocol for incidents that may involve Indigenous communities in one way or another.

An additional investigator was added to the FNIM Liaison Program team. As a former member of the Sarnia Police Service (SPS), the investigator received regular training on Indigenous cultures.

Still living in the Sarnia area, the investigator has been involved extensively with the Walpole Island, and Kettle and Stony Point communities.

SIU STATISTICS

Out of the 68 cases closed by the SIU, the majority (38 cases) were custody injuries. Sexual assault allegations were the second highest with 17 complaints.

NOTES:

Concluded, no charges issued - at the end of a SIU investigation, the evidence does not satisfy the director that there are reasonable grounds to lay criminal charges.

- * SIU terminates the investigation of a case when preliminary inquiries reveal:
 - a. there is no presence of "serious injury" for purposes of the SIU's mandate
 - b. there is patently nothing to investigate as far as the potential criminal liability of any police officer is concerned

** Investigation terminated by SIU and referred to the OPP for investigation. The decision to do so followed consultation between the SIU and the OPP in which it became clear that there were overlapping investigative interests between the agencies and that the administration of justice was best served by having one organization assume carriage of the matter.

Charges issued – there are reasonable grounds to believe an officer committed a criminal offence under the *Criminal Code of Canada*.

Case Breakdown by Region January - March 2020

On a regional basis, Central region had the highest number, accounting for 17 cases or 25% of total while Northern region had the least number of cases at 16% of total.

Average Number of Days to Close an Investigation

Custody Injury

■ Charge Issued ■ Terminated ■ No charge Issued

On average, it took 143 days to close a custody injury case with no charge issued.

In sexual assault allegation, the SIU spent an average of 135 days to close a case with no charge issued.

Firearm deaths and firearm injuries received the highest number of investigators assigned due to the complexity and scope of the investigations.
