- Background
- Systemic Review of Responsibilities
- Organizational Leadership
- Organizational Maturity
- Organizational Reputation
- Next Steps

Surveys are anonymous to promote honest responses from members. The amount of participation demonstrates a high level of interest from the membership, with volunteers already requesting to join the Systemic Review working group. External groups have reached out to Staff Sgt Moorhouse to assist in connecting with different communities within the city, with the anticipated challenge being maintaining a workable number of participants.

*S/Sgt Moorhouse, left the meeting at 4:57 p.m.*

## 7. Statistical Report (Q1)

Deputy Allan provided a Statistical Report (Q1) PowerPoint to the board and included data broken down into the following:

- Calls for Service
- Occurrence and Violations
- Provincial Offence Notices (PON'S)
- Alternative Response Initiative
- Notable Numbers
- Crimes Against Persons
- Property Crime
- Drug Offences
- Criminal Traffic Violations
- Other Criminal Code Violations
- Miscellaneous

The decrease in PON's is due to frontline supplementation and is expected to increase when the lateral hires are on the road and the Traffic Unit returns to their mandate. It was verified the increase in criminal charges is a product of additional investigative abilities in the Alternate Response Unit and not indicative of a crime increase. Covid protocols within the courts systems are not impacting criminal charges. Pre-Charge diversion success is measured by not only the diversion piece, but also by working with Community Stakeholders and a victim-based response. This will create less offences and less victimization in the community.

**BARRIE POLICE SERVICES BOARD REPORT  
JUNE 2022  
OPEN**

**TO:** Barrie Police Services Board

**FROM:** Chief Kimberley Greenwood

**DATE:** June 16, 2022

**SUBJECT:** 2021 Annual Report Overview and Communication Plan

---

**Background**

The Barrie Police Service (BPS) Annual Report is a legislative requirement as per the *Police Services Act* and the BPS Procedure #144 (AI-011). The document is prepared annually and provides a public record regarding achievements, improvements, and on-going initiatives of the Service throughout the year, as they relate to the BPS Strategic Plan 2020 - 2022.

**Overview**

To provide consistency in content structure, the 2021 Annual Report is based on the design framework applied in the 2020 Annual Report and is a “Sister Publication” to the BPS 2020-2022 Strategic Plan. The two documents are related and hold a perceived connection in the content provided. The online presentation of the 2021 Annual Report is more comprehensive than the 2020 report. The document will remain accessible in the form of a standard online PDF file; however, it is also complemented with an interactive online webpage and custom URL: <https://www.BPSAnnualReport.ca>. This allows public audiences to experience the publication with interactive images, video content and more. While the 2020 Annual Report was one continuous scroll through webpage, the 2021 Annual Report has had all sections created as separate webpages. This allows for increased interactive elements within each section and allows for more specific data collection relating to page views and average time spent on the document.

**Goals**

The goal for the 2021 Annual Report is to create a professional document that is informative and easy to navigate. The Annual Report serves as a historical record of the achievements, improvements and on-going initiatives that correspond with the BPS 2020-2022 Strategic Plan. The online version of the 2021 Annual Report provides an opportunity to set new measurable benchmarks and targets for future years. Data gathered can serve as an indicator of audience interest and engagement and guide the expansion of two-way communication between BPS and the community.

## **Target Audiences**

The following groups have been identified as target audiences:

- City of Barrie Employees & Council
- General Public
- Barrie Police Service Members
- Community Partners and Stakeholders
- Neighbouring Police Services

## **Key Messages**

## MEMORANDUM

**To:** Mayor J. Lehman and Members of Council

**From:** G. Ferguson, Chair

**Noted:** S. Bound, Human Resources Manager – Barrie Police Service  
K. Greenwood, Chief of Police – Barrie Police Service

**Date:** June 16, 2022

**Re:** File Number 21-G-204

The following provides an update with respect to File Number 21-G-204 from the August 9, 2021, City Council Meeting Minutes, and associated Action Details, notably:

*“That the Director of Human Resources and Barrie Police Services be requested to provide a memorandum to Council by the second quarter of 2022 that include initiatives to increase applications that identify as members of the Indigenous community”.*

The Barrie Police Service subscribes to the Ontario Association of Chiefs of Police (OACP) Constable Selection System (CSS), which is a partnership between most Ontario Police Services and the OACP. As the voice of Ontario’s police leaders, the OACP is comprised of policing leaders and executives in Ontario and represents federal, provincial, municipal, and First Nations policing services throughout the province.

The OACP has developed a testing system that effectively measures an applicant’s abilities and packaged that information so it may be provided to police services for supplementary use. The OACP is committed to providing fair, equitable, and inclusive testing that is aimed at ensuring that police applicants represent the full range of diversity in Ontario and are afforded every opportunity to pursue a policing career. Candidates completing the testing receive an OACP Certificate of Results.

Many Police Services in the Province of Ontario, including the Barrie Police Service, will expect candidates to have a valid OACP Certificate before they will accept their application. From there, the standardized three phase police constable selection process commences pursuant to the Constable Selection System, an assessment tool and systematic hiring process used to determine if

## BARRIE POLICE SERVICES BOARD

*committed to our community*

police constable applicants are suitable for a career in policing.

In January 2020, the CSS was re-designed, improved and modernized to become more efficient and affordable while being more accessible to candidates, especially those from marginalized communities, having limited financial means, and residing in remote regions. It is expected that this will increase the overall number of applications from various communities including the Indigenous community to Police Services across Ontario.

The previous system involved candidates having to physically attend and complete a variety of written and physical testing at a predetermined venue located in many urban centers within the province of Ontario over the calendar year. Under the old system, once successful at all stages of the process, an OACP Certificate of Results was issued to a candidate to be used as part of their overall Police Constable Application package.

Accessibility and cost were identified to be considerable hurdles for many candidates, but especially those in marginalized communities and those who resided in remote areas. The new Constable Selection System was developed to be a new and improved process that is fair, equitable, barrier-free and inclusive for all. Under the new CSS, candidates complete all assessments online through a proctored link. Further, they can acquire the necessary medical assessment forms by utilizing local and preferred ophthalmologists and audiologists in their own, or a more convenient community.

The OACP and the Barrie Police Service are committed to full compliance with the *Ontario Human Rights Code*. Accordingly, we are prepared to provide support and alternatives that address the accessibility and accommodation needs of any applicant.

Implementation of the new Constable Selection System certification process has undoubtedly eliminated hurdles for those who are looking to become Police Constables within Ontario however, the CSS is continuously updated based on changes in policing and research to ensure it is free of bias and reflects the requirements of a Police Constable in Ontario.

It should be noted that a similar hiring process and methodology including an OACP Certificate is required for Special Constable applicants.

Yours truly,

Greg Ferguson
